

Henderson Group

Our Payroll Giving scheme is promoted every 6 months on a continuous basis and the uptake from our employees continuously excels our expectation every time. We price match each employee's donation and we also pay the administration fee and over the past year we have raised in excess of £141,000 for the charities nominated by our employees. In the past year we have increased our uptake by 17% with 752 employees now donating and a representative visits all staff regarding the scheme from night staff, weekend staff, drivers and non-English speaking staff /migrant workforce.

Martin Alywood, Payroll Manager

"Payroll Giving In Action have introduced the scheme to our employees and it has acted as an excellent platform for our employees to donate to a charity of their choice. We are delighted with the response to date and we know that the funds raised will be helpful contributions to those who need it most."
