

Yorkshire and Clydesdale Banks

Yorkshire & Clydesdale Bank currently operate the most successful Payroll Giving scheme of any High Street Bank, with 13.5% of our employees taking part in the scheme.

The scheme was re-launched with great success in September 2006 in partnership with Workplace Giving UK.

Currently employees are raising over £148,000 per year through the scheme and we have raised in excess of £60,000 for our Charity Partner through the ongoing campaign.

Jacqui Atkinson, Community Affairs Manager Clydesdale & Yorkshire Bank said, we are delighted with the response to payroll giving (GAYE) from our employees at Yorkshire and Clydesdale Banks. We hope to continue to grow the number of participants with an aim to reach 20% take up over the next year. This is a simple way of donating to charities but it makes a real difference and our employees are to be congratulated for their generosity.
